CHEATERS**

There's only one safe and secure way to buy credit for your pre-pay electricity meter. From official outlets such as the Post Office, PayPoint or Payzone.

So if anyone else offers you energy top-ups, they are trying to involve you in illegal activity.

Don't be fooled. And don't be tempted. Because energy companies can identify homes using electricity but not paying for it legally. You will get caught and end up paying twice.

Remember, there's only one way to pre-pay.

If you know anyone illegally selling electricity meter top-ups, contact **Crimestoppers** anonymously on **0800 555 111**.
